# ADVANCED BIOLOGICAL CONCEPTS<sup>®</sup> MISSION STATEMENT

**Improve the quality of life for mankind; by improving the quality of life for animals through natural nutrition.**

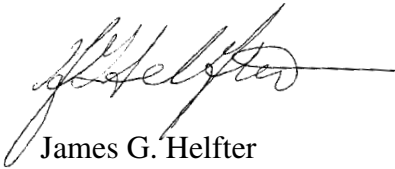

## **Guideline for Achieving Mission Statement**

- 1) Always focus on the **cause** of a disease or problem, not the symptom.
- 2) Refrain from Research and Development involved in symptom relief.
- 3) We believe most poor health problems in animals are due to a nutritional deficiency caused by the confinement of animals, thereby, limiting their access to a variety of nutritional ingredients.
- 4) Often improvement in health can be dramatic when furnishing a balanced diet or adding nutrients that are lacking in the animal's diet. Not unlike giving food to a starving animal, this creates a dramatic improvement in health. This mode of nutritionally assisting animals must not be confused with drug therapy or medicine. We do not prescribe replacing the body's own mode of action through supplementation with synthetic chemicals and artificial components.

**We supply the body with what it needs to repair itself.**

- 5) We do not prescribe the use of poisons or mega doses of single nutrients to **enhance performance**.

For more information or to place an order, call us at  
**1-800-373-5971** and we will be happy to serve you.

James G. Helfter

## INGREDIENT STATEMENT

**This product contains only certified organic agricultural products or ingredients that conform to the NOP's national list of materials acceptable for organic livestock production.**

## INGREDIENTS:

Organic Kelp Meal, Organic Linseed Meal, Organic Wheat Middlings, Organic Alfalfa Meal Dehydrated, Organic Oat Flour, Organic Dried Tomato Pomace, Attapulgitte Clay, Diatomaceous Earth, Monosodium Phosphate, Magnesium Oxide, Organic Apple Cider Vinegar, Organic Dried Whole Milk, Organic Soybean Oil, Choline Chloride, Organic Aloe Vera Gel Concentrate, Organic Potato Starch, Organic Dehydrated Eggs, Organic Sugar, Yeast Culture, Lecithin, (MSBC) Source of Vitamin K, Vitamin B12, Potassium Chloride, Calcium Iodate, Niacin, Thiamine, Sodium Sulfate, Copper Sulfate, Copper Choline Citrate Complex, Ferrous Sulfate, Ferric Choline Citrate Complex, Zinc Sulfate, Zinc Choline Citrate Complex, Manganous Oxide, Manganese Choline Citrate Complex, Ascorbic Acid, Vitamin A Acetate, Vitamin D3, Natural Source of Vitamin E (d-alpha Tocopheryl acetate), Biotin, Riboflavin, Pantothenic Acid, Pyridoxine Hydrochloride, Carotene, Folic Acid, Cobalt Sulfate, Lactobacillus Acidophilus, Lactobacillus Casei, Bifidobacterium Thermophilum, Enterococcus Faecium, Organic Sources of (Cayenne Pepper, Peppermint, Garlic, Parsley, Dandelion Root Extract, Elder Flowers, Dandelion Extract, Ginger Extract, German Chamomile, Lemon Grass Extract, Thyme, Sweet Fennel Extract, Sweet Basil, Sage, Cloves), Natural Tocopherols.

## SWINE:

ADD 3 Pounds Per Ton Of **COMPLETE FINISHING** Rations

ADD 5 Pounds Per Ton Of **COMPLETE GROWER** and **LACTATION** Rations

ADD 7 Pounds Per Ton Of **COMPLETE STARTER** and **GESTATION** Rations

## DAIRY COWS:

**LACTATING COWS:** Top Dress 1/2 Ounce / Head / Day

**DRY COWS:** Add 2 Pounds Per Ton Of Grain

**CALVES:** Add 5 Pounds Per Ton Of Complete Feed  
(Can be bolused 1/2 ounce per head)

## BEEF CATTLE:

Top Dress 1/4 Ounce / Head / Day

Add 2 Pounds Per Ton Of Grain

**RECEIVING:** Top Dress 1/2  
Ounce Per Head Per Day for 14 Days

## POULTRY:

Add 2 Pounds Per Ton Complete Feed

Add 4 Pounds to Starter Rations

## SILAGE:

Add 2 Pounds Per Ton of Corn Silage or Haylage

**THIS PRODUCT MEETS THE SPECIFICATIONS FOR NATURAL LIVESTOCK PRODUCERS.**

# D.U.A.<sup>TM</sup>

## Why is D.U.A.<sup>TM</sup> the world's number one Feed Additive?

**D.U.A.<sup>TM</sup> = Dramatic improvement in fiber digestion.**

The **Benefits** of increased **fiber digestion** are: Increased **mineral** and **protein** assimilation.

### Benefits of this type of Mineral:

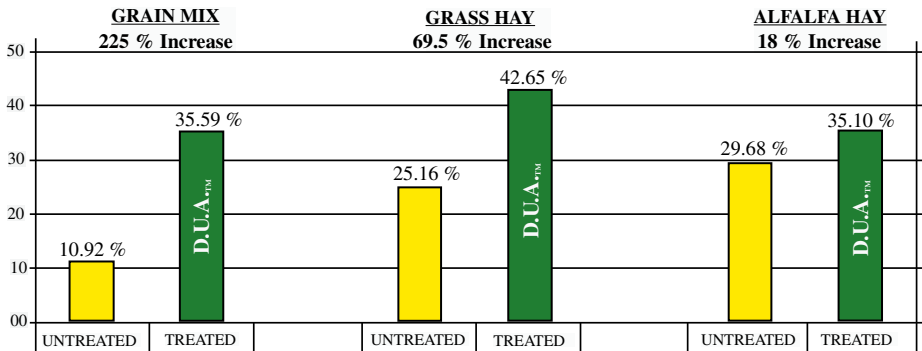

Highly available **single molecule**, **chelated** to carbon (sugar) by the plant.

This is the type of **mineral** that **animals** were **meant to live on**,

**NOT** ground up rock which is very low in availability.

### Neutral Detergent Fiber Digestion

Independent Lab studies of D.U.A.<sup>TM</sup> effect on digestion of **Neutral Detergent Fiber Digestion** yielded the following results.

This test was performed by using the following protocol:\*

**GRAIN MIX**  
Control grain mix /  
fiber digestion = 10.92 %  
D.U.A.<sup>TM</sup> added /  
fiber digestion = 35.59 %  
increase = 225 %

**GRASS HAY**  
Control grass hay /  
fiber digestion = 25.16 %  
D.U.A.<sup>TM</sup> added /  
fiber digestion = 42.65 %  
increase = 69.5 %

**ALFALFA HAY**  
Control alfalfa hay /  
fiber digestion = 29.68 %  
D.U.A.<sup>TM</sup> added /  
fiber digestion = 35.10 %  
increase = 18 %

\*These numbers were obtained through Invitro procedures

## • Better FE/RG • Improved Physical Health • Maximum Genetic Potential

Reduces waste and odor concerns.

Makes your **waste** a **valuable** commodity.

See Lagoon Aid Document # L243F011006USA

**PROFIT WITH D.U.A.<sup>TM</sup>**

**DAIRY:** Producers in the dairy industry have shown:

Using **D.U.A.<sup>TM</sup>** at the 1/2 oz/hd/day in your dairy ration increases the utilization of protein in the diet equal to the level of 3.1pounds of **Soybean Meal** (48%).

Removal of Soybean Meal 3.1 pounds @ .0875 pound	= \$ .271
Inclusion of <b>D.U.A.<sup>TM</sup></b> 1/2 oz/hd/day	= \$ .065
<b>Savings</b>	= \$ .206

For every \$1.00 invested in **D.U.A.<sup>TM</sup>**, you **SAVE \$3.17!**

If 1/2 oz/hd/day saves 3.1 pounds of **Soybean Meal**,  
then 1 bag of **D.U.A.<sup>TM</sup>** saves **4,960 pounds**  
(almost **2.5 ton**) of **Soybean Meal**.

Using **D.U.A.<sup>TM</sup>** has always displayed a minimum 2:1 return to cost ratio in Livestock Programs.

**PROTOCOL FOR**

**D.U.A.<sup>TM</sup>**

(Digestive Utilization Absorption)

&

**FREE CHOICE MINERALS**

**D.U.A.<sup>TM</sup> NEEDS TO BE FED AT ALL TIMES  
WITH  
FREE CHOICE MINERALS**

**Reasons:** **D.U.A.<sup>TM</sup>** increases digestion of fiber. Fiber contains the major minerals, as well as, minors. It is **poor management** to buy minerals when your feed stuffs (hay, grass and grains) can supply them. **D.U.A.<sup>TM</sup>** also makes **Free Choice Minerals** more available; this all means **less usage** and **greater profit** for you the **Producer**.

## INGREDIENTS:

Organic Kelp Meal, Organic Linseed Meal, Organic Wheat Middlings, Organic Alfalfa Meal Dehydrated, Organic Oat Flour, Organic Dried Tomato Pomace, Attapulgitic Clay, Diatomaceous Earth, Monosodium Phosphate, Magnesium Oxide, Organic Apple Cider Vinegar, Organic Dried Whole Milk, Organic Soybean Oil, Choline Chloride, Organic Aloe Vera Gel Concentrate, Organic Potato Starch, Organic Dehydrated Eggs, Organic Sugar, Yeast Culture, Lecithin, (MSBC) Source of Vitamin K, Vitamin B12, Potassium Chloride, Calcium Iodate, Niacin, Thiamine, Sodium Sulfate, Copper Sulfate, Copper Choline Citrate Complex, Ferrous Sulfate, Ferric Choline Citrate Complex, Zinc Sulfate, Zinc Choline Citrate Complex, Manganese Oxide, Manganese Choline Citrate Complex, Ascorbic Acid, Vitamin A Acetate, Vitamin D3, Natural Source of Vitamin E (d-alpha Tocopheryl acetate), Biotin, Riboflavin, Pantothenic Acid, Pyridoxine Hydrochloride, Carotene, Folic Acid, Cobalt Sulfate, Lactobacillus Acidophilus, Lactobacillus Casei, Bifidobacterium Thermophilum, Enterococcus Faecium, Organic Sources of (Cayenne Pepper, Peppermint, Garlic, Parsley, Dandelion Root Extract, Elder Flowers, Dandelion Extract, Ginger Extract, German Chamomile, Lemon Grass Extract, Thyme, Sweet Fennel Extract, Sweet Basil, Sage, Cloves), Natural Tocopherols, Calcium Lignin Sulfonate.

## DIRECTIONS for USE:

### CALVES:

1/2 Ounce Per Head Per Day Top  
Dress Or Add Mix.

### BEEF CATTLE:

1/2 Ounce Per Head Per Day Top  
Dress Or Add Mix.

Receiving: 1 Ounce Per Head Per Day Top

### SHEEP & GOATS:

1/4 Ounce Per Head Per Day Top Dress  
Or 14 Pounds Per Ton Add Mix.

### LLAMAS/ EMUS/ALPACAS:

1/2 Ounce Per Head Per Day Top Dress.

### DAIRY CATTLE:

1 Ounce Per Head Per Day Top  
Dress Or Add Mix.

### PIG STARTER:

14 Pounds Per Ton Add Mix  
Or 1 Ounce Per 10 Pounds Add Mix  
Or 1/2 Ounce Per 10 Piglets In The  
Dress For 14 Days. Crate.

### SOWS:

1/2 Ounce Per Head Per Day Top Dress

### CHICKENS:

1 Ounce Per 100 Head Per Day Top  
Dress.

## FROM THE C.E.O.

We have always applied common sense to animal health by reducing obvious stresses and supplying the body with what it needs to repair and protect itself. We concentrate on the cause of a disease, not the symptom, and strive for maximum animal health with natural organic nutrients. Each individual farm within itself is a research farm, and we have over 43 years of research on thousands of farms. Results are the reasons we are in business today and will be tomorrow. We are looking forward to serving you so that animal husbandry is enjoyable and profitable. Try our products and observe the difference.
