

INTRODUCING ARBY'S

PASTURE PERFECT

GRASS FED BEEF

We take pride in our roast beef and in everything we serve. Which is why Arby's introduces Pasture Perfect™ grass-fed beef!

Because grass-fed animals eat healthier and live healthier, they produce healthier meat. Arby's Pasture Perfect™ grass-fed beef is not only rich in vitamins and nutrients, but it is also full of that delicious all natural beef flavor. It's a choice we can all feel good about.
